

NTH HDMI 4K Copper Cables

The NTH HDMI copper wire adopts a pure copper core design, which has high signal transmission efficiency and can achieve smooth operation 4K@60Hz Audio and video playback with resolution; The connector adopts a gold plating process, which can be used for a long time and is not easy to rust, improving durability and stability; Combined with aluminum foil and mesh shielding design, it has stronger anti-interference ability and more stable transmission; The wire body is made of PVC high-strength material, which is wear-resistant and resistant to bending, making home wiring more reassuring.

Product features

- Support resolutions up to 4K@60Hz with full bandwidth reach up to 18Gbps.
- Support HDCP/HPD.
- 19Pin male HDMI connector.
- Plug and Play.

Specifications

Connector

| | |
|----------|-----------------------|
| Type | 19Pin male HDMI |
| Contacts | Gold-plated connector |

Cable

| | |
|-------------------|-------------|
| OD | 6.0mm/6.5mm |
| Coating materials | PVC |

Electrical Test

| | |
|-----------------------|--------------|
| On-resistance | See drawings |
| Insulation resistance | 10MΩ/min |

Safety

| | |
|----------|---------------------------------|
| Material | Aluminum foil+braid+copper core |
| Warranty | 1year |

Size (MM)

INSPECTION REQUIREMENTS

1. 100% Open, Short & Miswire Test.
2. Insulation Resistance: $10\text{M}\Omega/\text{MIN}$. ATDC300V/10ms.
3. The finished product needs to pass 3840* 2160@60Hz Real machine testing, audio and video transmission is normal, without black screen, snowflakes, white dots, flashing screen, and other phenomena.
